Primary Goal

Track strategic performance & business health

Explore trends, identify patterns, root cause analysis Monitor operations & trigger fast actions

Typical Users

Executives, board members, senior leadership

Business analysts, data scientists, domain experts Operations teams, frontline staff, supervisors

Decision Type

Long-term & strategic

Mid-term, data-informed

Immediate, tactical

Time Horizon

Monthly to quarterly performance

Weeks to years of historical data

Real-time to daily

Update Frequency

Daily to weekly

On-demand or periodic

Real-time or near-real-time

Data Granularity

Aggregated KPIs

Granular, detailed data with drill-down capabilities

Real-time metrics, individual transactions

Interactivity Level

Low to medium (summaries, filters)

Very high (live updates, alerts, High (filters, segments, quick filters) slicers, custom queries)

Insights Delivered

Strategic progress, high-level KPIs

Why things happened, what may happen

What's happening now, what action is needed
